Twelve year warranty to assure your complete satisfaction.

King Heating Products Inc (King Heating) warrants each Eco King™ boiler to be free from defects in material and workmanship according to the following terms, conditions and time periods. UNLESS OTHERWISE NOTED THESE WARRANTIES COMMENCE ON THE DATE OF INSTALLATION. Take note of owners responsibilities and Warranty Exclusions in order for Coverage note below to be valid.

COVERAGE

1. During the first year after installation, King Heating warrants that it will repair or replace, at its option, without charge, any defective Eco King™ boiler or malfunctioning component thereof that is found to have failed due to manufacturer’s defect. King Heating will NOT accept claims from the purchaser for labour costs incurred as a result of the repair, replacement, removal, or reinstallation of an Eco King™ boiler or any component thereof. It is expressly agreed between King Heating and the purchaser that repair or replacement is the exclusive and sole remedy of the purchaser.

The boiler warranty will be extended to two years from the date of installation ONLY IF the boiler is registered by the installer online at www.ecokingheating.com, or by fax at 604-531-6572 or by scanning and e-mailing the registration card included with the boiler warranty to sales@ecokingheating.com

2. During the second through seventh year after the date of installation, King Heating will provide, at its option, without charge, a replacement heat exchanger for any defect in the original heat exchanger.

It is expressly agreed between King Heating and the purchaser that repair or replacement is the exclusive and sole remedy of the purchaser.

3. During the eighth through twelfth year after the date of installation, King Heating will repair or replace, at its option, any defective Eco King™ boiler’s heat exchanger found to have failed, at a cost to the purchaser equal to the following percentages of the manufacturer’s list price in effect at the date of replacement:

Year of Claim	8 & 9	10 & 11	12
Percentage to be paid by purchaser	25%	50%	75%

No other component of the Eco King™ boiler will be replaced during this period. It is expressly agreed between King Heating and the purchaser that repair or replacement is the sole remedy of the purchaser.

4. Should a defect or malfunction result in a leakage of water within the above-stated warranty periods due to defective material or workmanship, malfunction or failure to comply with the above warranty, such as defects or malfunctioning having been verified by an authorized King Heating representative, then King Heating will replace the defective or malfunctioning Eco King™ boiler with a replacement Eco King™ boiler of the nearest comparable model available at the time of replacement.

5. If King Heating is unable to repair or replace an Eco King™ heater so as to conform to this warranty after a reasonable number of attempts, King Heating will then provide, at its option, a replacement unit.

6. If, at the time of a request for service the purchaser cannot provide a copy of the original sales receipt or the warranty card registration, the warranty period for the Eco King™ boiler shall then be deemed to have commenced thirty (30) days after the date of manufacture of the Eco King™ boiler and **NOT** the date of installation of the Eco King™ boiler.
